

Lander Field Office National Historic Trail Group Use Schedule

The BLM recommends visiting the National Historic Trail between June 15–October 15. The BLM finds this time period to be the best time to visit the trails and avoid resource damage or getting stuck.

In order to provide time for the general public to be away from permitted groups, the BLM limits permitted groups in the following manner:

From July 1 – July 15, no permitted groups conduct activities on the Rocky Ridge Section of the National Historic Trail from Friday through Monday of each week. In 2016 three groups were scheduled before this stipulation was placed on permits, these groups are exempted for 2016.

From July 16 – September 15, there will be no permitted groups on the Rocky Ridge Section of the National Historic Trail from 4:00 PM on Friday through Sunday of each week.

In addition, several days during the authorized use period do not have groups scheduled. The following calendar can help visitors plan their trips to the Rocky Ridge section of the National Historic Trails.

June 2016
